

## SCIENCE CLUB REPORT

### T-SHIRT PAINTING

#### Class VIII

Carmel Convent sr. sec. School department of science conducted a T-shirt painting competition on the theme of energy conservation on Friday 22<sup>nd</sup> November 2024. The main objective for conducting the activity was to enhance the creativity among the students and also to motivate them in team building and to improve their interpersonal skills. All class VIII students participated in the activity and gave positive feedback. Each participant using a blank white T-shirt and a set of fabric paints, brushes, and other necessary painting supplies. The entries were evaluated

based on creativity, originality, adherence to the chosen theme, technique, and overall visual impact. A panel of experienced artists and art enthusiasts served as judges, bringing a fair and expert perspective to the evaluation process. Winners will receive certificate and medal to acknowledge their achievement.
